

the Home Shop

2017 Class Schedule

Teaching Shaker oval box making events here and around the country is a thirty year tradition. They are backed by our supplies business for craftsmen. Box making events normally are an evening plus the following day. For away events, contact the sponsor directly for enrollment and cost. In addition to oval box making, we teach traditional skills in chairmaking, dovetailing, and projects from John Wilson's award winning book **Making Wood Tools**. These are all good value – with lunch included, too. Noteworthy projects! Methods you can use! Over a quarter century tradition of great teaching!

BOX BASICS – The mission of our shop is to introduce craftsmen to the tradition of Shaker oval box making. Classes are offered at The Home Shop four times a year. Make a nest of five boxes in cherry. Class \$90 plus \$45 materials fee.

ADVANCED BOX MAKING – Develop your skills with projects of your choice including oval trays, carriers, boxes large and small, and the new Crown box. One day in The Home Shop is \$75 plus cost of materials from the catalog.

A DAY in SANTA'S WORKSHOP – Come make fine gifts for the Holiday Season. Pick from nest of oval trays, miniatures, music boxes and more. One day class is \$75 plus cost of materials from the catalog.

WINDSOR CHAIRS – David Abeel's innovative designs give a new appreciation for this classic. Dave will guide your skills in both the side chair, \$180 plus \$80, and arm chair \$200 plus \$95 materials fee.

NEW

WINDSOR TALL STOOL – Join David Abeel and John Wilson to make a tall stool that is comfortable at your work station. Class \$140 plus \$50 materials fee. A new "boot bench" project is added for 2017.

HAND CUT DOVETAILS – Learn how to make hand cut dovetail joints and apply that to making a Shaker dining tray. The project offers a great introduction to this fine craft skill. Class \$90 plus \$35 materials fee. One of John's favorites.

SHAKER SEATING BENCH – Build a Shaker seating bench whose legs are joined with this classic mortise and tenon joinery. Keith Cole joins John Wilson to present this class. Class \$90 plus \$50 materials fee.

PLANE MAKING – Where each participant makes their own block, shoulder or molding plane. Shape the wood body, harden and temper the blade. Final sharpening makes it a plane. Class \$90 plus \$30 materials fee.

SPOKESHAVE & TRAVISHER PLANE – Choose one of these versatile tools from John's award winning book **Making Wood Tools**. Gil Chesbro teams up with John in this one day class, \$90 plus \$30 materials fee.

We produce a full line of box making supplies. The **four page catalog** lists wood parts, patterns, tools and instructional materials. Visit our website for PDF's of John's articles from **Popular Woodworking** four oval box projects and three planes. Plus a look at The Home Shop and Solar Drying Kilns.

You will enjoy these projects as much as we do. Good teaching, as well as quality materials and support are what you can expect. Guaranteed.

Hope you can come.

JOHN WILSON

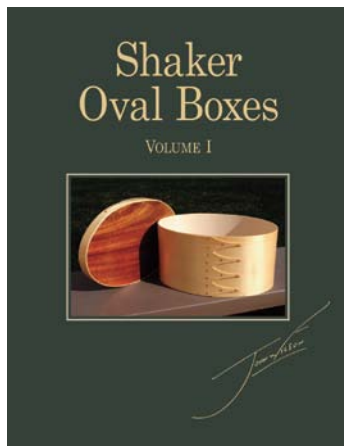

Great accomplishment in class
