

o o o ADVANCED BOX MAKING

January 12, (8:30 - 4) 2019

April 11 (8:30 - 4) 2019

September 21 (8:30 - 4) 2019

November 30 (8:30 - 4) 2019

The Advanced Box Making class is offered to experienced boxmakers or those who have completed the Box Basics class. This one day class is best described as open shop with individualised support. Craftsmen can make larger boxes, trays, carriers, or even a music box. Advanced Box Making is held concurrent with the Box Basics class, tuition is \$75 plus the cost of materials. If desired, one can sit in on the Box Basics Friday evening as well.

The photo of a swing handle carrier shows the material for the #4 box and handle plus the forms for bending. Besides the hammer and knife, can you identify twelve items used to make this shaker classic?

Come make boxes. Call us at 517 543-5325.

- Answers to items
- used to make the
- swing handle
