Oval Boxes have been the business of the Home Shop for thirty years. In that time we've pioneered the revival of this historic craft. Today we remain the major supplier of bands, boards, forms, tacks, and instructional materials. The Home Shop offers Box Basics classes four times a year: around New Years, Easter, Labor Day, and Thanksgiving. Check the schedule for dates.

Classes start Friday evening at 6 pm when John presents a historical introduction followed by a construction demonstration. Saturday class runs from 8:30 am to 4:00 pm and includes lunch. Participants make five cherry oval boxes. The Home Shop prides itself in providing excellent instruction at a great value. The Box Basics class is only \$90; the materials fee is \$45.
