

David Abeel's
TALL STOOL
BOOT BENCH
SIDE CHAIR

February 22 & 23, 2019

David Abeel will introduce you to the challenging craft of chairs and related seats.

Challenging because nothing in wood working demands more strength than a light-weight frame. It needs to be comfortable as well as functional, inviting to sit on, and have pleasing looks.

Getting it right in the two day class is what David does. You will see attractive examples, use first class materials and witness demonstrations that instruct. Whether you go on to make chairs for your family and friends or have this one only to be proud of, you will find chairmaking with David Abeel an outstanding experience.

Choose from a Tall Stool (\$220), Boot Bench with back (\$310) or without back (\$220), add a Footstool (\$25). All costs include the 2-day event, materials and lunch (don't forget lunch!).

Come make your chair. Call us at 517-543-5325.
