

the Home Shop

2023/24 Class Schedule

Teaching Shaker oval box making events here and around the country is a thirty-five year tradition. They are backed by our supplies business for craftsmen. Box making events normally are an evening plus the following day. For away events, contact the sponsor directly for enrollment and cost. In addition to oval box making, we teach traditional skills in chairmaking and projects from John Wilson's award winning book **Making Wood Tools**. These are all good value – with lunch included, too. Noteworthy projects! Methods you can use! And a thirty-five year tradition of great teaching!

BOX BASICS – The mission of our shop is to introduce craftsmen to the tradition of Shaker oval box making. Classes are offered at The Home Shop four times a year. Make a nest of five boxes in cherry. Class \$125 plus \$60 materials fee.

ADVANCED BOX MAKING – Develop your skills with projects of your choice including oval trays, carriers, boxes large and small, even musical ones too! One day in The Home Shop is \$80 plus cost of materials from the catalog.

PLANE MAKING – Where each participant makes their own block, shoulder or molding plane. Shape the wood body, harden and temper the blade. Final sharpening makes it a plane. Class \$100 plus \$60 materials fee.

SPOKESHAVE – Make your own in this one day class, \$100 plus \$60 materials fee.

We produce a full line of box making supplies. The **four page catalog** lists wood parts, patterns, tools and instructional materials. Visit our website for PDF's of John's articles from **Popular Woodworking** – four oval box projects and three planes. Plus a look at The Home Shop and Solar Drying Kilns.

You will enjoy these projects as much as we do. Good teaching, as well as quality materials and support are what you can expect. Guaranteed.

Hope you can come.

Eric Pinter

Great accomplishment in class
